

Why do I have to update my login?

We are instituting a more secure method for logging in to Online Banking. This enhanced security system verifies member identity by requiring multiple credentials. It creates layers of security to increase the confidence that the person requesting access is actually the member they claim to be.

Our system not only requires a username and password, but an additional code transmitted via text, voice message, or email to verify identity.

You'll need only one of these to get started:

Smartphone

Email Account

Telephone

Update Your Username

If your Username is not compliant, you will automatically be required to update it.

Steps:

1. Navigate to hfmcu.org.
2. Click on the "Online Login" button in the top menu or the # icon on mobile.
3. Enter your existing Username and Password and click the "Next" button.
4. Pick your delivery method, either text, voice message, or email, then click the "Next" button.
5. Check your phone or email account for an incoming Access Code.
6. Enter the Access Code.
7. Enter your new Username using the on-screen guide for complexity and click the "Next" button.
8. Your Username is now reset, and you are logged into Online Banking

Retrieve Your Username

Forget your Username? You can securely retrieve your Username in seconds.
